

Superintendent-Director Report March 14, 2019

MA DESE Exploratory Frameworks

Freshman Exploratory Frameworks are under review at this time. This project had two ENSATS staff members (Heidi Riccio and Brooks Clark) who assisted in the development. The frameworks were completed by June, 2018. MA DESE added some language at the end which is concerning to Massachusetts Association of Vocational Administrators (MAVA) related to a lottery system of program acceptance. We are asking that you review this language and state our concerns.

Visit by Chinese Delegation and MA DESE

MA DESE is coordinating a state meeting at ENSATS with delegates from China. The meeting will be to review career, technical, and agricultural (CTEA) education. This delegation will tour the facility and observe CTEA learning in action. Possible dates include April 2, 4, 5.

Admissions

There are currently 1448 applicants with 1031 interviews complete. The interviews will be complete by March 20th. Admission counselors plan to send out acceptance letters by Friday, April 12th. Mr. Spruance and his team are excited to welcome the new Essex Tech recruits.
