Subject *Employment Outlook/Industry Trends*

Discussion Employment Outlook is great. Lots of different avenues for students to embark on. Definitely a need for stylists in the MA area.

Subject *Recommendations for Program*

Discussion

Next year we discussed some ideas we have about getting students ready for Co-Op. Completing hours has changed since allowing students at age 15 to start getting hours instead of 16.

Subject *New Business*

Discussion We talked about obtaining new members. Suggestions were shared. Looking to find different industry individuals that can be a good fit and contribute a lot to the program. We also discussed the Textured Hair Course through the Department of Education. This course is for Vocational teachers, and was great to learn about multi textured hair and ways to style. Bringing back the knowledge to the classroom. Provided information to Kathy
